

My Services

Who can I hire to support my Zen Cart?

I'd love to be the primary support person for your Zen Cart! When you go on support with me, running your shopping cart is worry free. Here are some of the benefits you receive:

- * I take care of installing security patches
- * I take care of fixing errors that occur because of changes made by your hoster
- * I follow up on any issues you report
- * I do upgrades and mod installs on your schedule
- * I deal with reported issues from your security scans.

It's easy to get started on support: just buy one of these:

https://www.thatsoftwareguy.com/store/index.php?main_page=product_info&cPath=10&products_id=79

or to read more, go here:
